

Dear Judge Chen

I am writing you in reference to a bankruptcy that you have recently dismissed. Anthony and Lauren Nembhard (see attach paperwork enclosed). My husband and I are one of the "creditors in standing" on this bankruptcy and we are also the "neighbors" to this family. My husband and I have had a long exacerbating and combative and violent relationship with this couple.

In Oct 2016 the Nembhards had purchased this property. The previous owners made and alter the property without permits which caused a lot of issues onto our property.

Prior to the Nemhord purchase multiple letters went out to the neighbors and seller and buyers and in fact the Nemhords house inspector spoke with us and we discussed the water issue. We did hire an attorney

Douglas Gifford (215-723-5533) as he is still presently our attorney in reference to this issue and can validate what I am writing you. The Nemhord purchased this property knowing it had to be fixed (that was their choice). The Nemhords refused to fix the problem after not only we asked, but letters from our attorney was sent to them. Mr & Mrs Nemhord immediately tried to make it a "leak issue" - it was a water issue a lot of water

In 2017 that when the real destruction started with them. Surveyor stakes (removed by Mrs. Vembhard), fence cut and mutilated and found on their property, their gun gone under our fence and throwing concrete into our Koi Pond not only killing our fish but destroying our pond pump. and throwing our baseball at our 6 foot high PVC fence to cause indentation in the fence itself. This destruction didn't stop there nor did the harassment it only escalated.

In Oct 2018 Mrs. Vembhard started to alter the property, put in a fence and redirected the water onto more of our property and I forgot to mention he started to open the property line at all hours of the day and night and placed an excess of 10 water jets on to the property.

In the beginning of 2019
Mr Nambard was out of work for
approx 6 months. His behavior
even became more bizarre
until it lead up to March 2019
Mr Nambard shoot an arrow
at my home which missed
my bedroom window by inches
it went thru my siding and
vapor burner. He was charged
with damages and harassment
approx (\$4000) which he was
to pay restitution only \$4500
has been payed forward for.
After that hearing Mr Nambard
bought his first gun (Rif/2)
then a handgun which he wears
on his waist ~~at~~ all times
the third gun is a modified
assault rifle. All of which
he did not disclose on
his bankruptcy paperwork

The second Assessment charge was in 2020 setting of fireworks to close for our home. I am very lucky that my husband or my dogs were not seriously injured that day. Your Honor the day you dismissed the Nemberds bankruptcy the Nemberd was opening in the driveway wep-up on a confetti they with a handgun and assault rifle "that he was to teach us Yankee a thing or two". the state police have been here approx 10 visit because of their behavior I have made the back County District attorney office aware that the Nemberd is now asking for my husband out side with the assault rifle at 4:30 am on the morning and waiting for

As to come home from work with the assault rifle "what do you think of this now Charles" "Hazy Bay" as he yells from his driveway to our home for my husband or firing 8 rounds towards my direction while I was downhill (he not only saw me he heard me) but he didn't stop. This is only a very small amount that is going on here.

We did get a opportunity to see the paperwork the Nemphords filed for bankruptcy and they did not declare all their assets to the court. I will enclose on the back page all items that were not declared including cars

Lauren Nemphord moved out of the house with the children on (Dec 19, 2020) - on two occasion Mrs Nemphord

tried to turn Mr Nembohd over
with her new 2021 Jeep Compass
Mr Nembohd remains in the
house with his girlfriend and
also moved a man in (he lived
in the storage room behind the
garage) - no one in the house
works, they stay up for
several days and nights, music
playing at all hours and
people coming and going at
all hours of the night.

Mr Nembohd stated to us
prior to his bankruptcy that he
"stocked his cash" and that
he is not broke he has
"stocks" He has also made
it very clear that he has
no intention to pay any of us
and has no plan to get a
job.

Our biggest fear is that the Nemphards will try once again to claim bankruptcy and to stall the lawsuit pending in Buck County Court.

I can only beg the courts to hear our pleas, and not allow this to happen. I want to thank you Judge Chen for taking the time out to read this and to Antoinette Stevenson for speaking with me and reassuring me that you would be interested in what we have to say.

Thank you
God Bless
